

International Health Facility Guidelines

Detailed Submission Registration Form

Purpose:

The purpose of this registration form is to notify the Local Health Authority of the intent to lodge a Detailed Submission for a comprehensive review against the Standards and Guidelines. The notification will allow the Local Health Authority to streamline incoming documents and ensure adequate staffing is available for the review process. On satisfactory completion of this process the applicant will be given an 'Approval in Principle – Detailed' (AIP-D) certificate.

Pre-requisites:

- Verify the Health Facility has received an "Approval in Principle – Schematic" or AIP-S. If so, the Approval number of the AIP-S is to be transferred to the applicable section below. Further information on the Licensing process is available through the International Health Facilities Guidelines - Part A Administrative Provisions.
- Ensure the Health Facility has received a Project Approval from the Urban Planning Council. Submissions without this approval will be rejected.

Process to Lodge this Registration Form:

Fill out this form on screen – print – lodge without signature online – sign the printed copy and include it in the Detailed Submission. By return email, the Local Health Authority may confirm the date and time when the submission can be lodged at the Local Health Authority office.
